Erindale College Careers is located in eknex. Students may drop in or book a time for career counselling. The Careers team are available to help students with a range of matters related to work including tax file numbers, work experience, exploring future options, job seeking skills, vocational and short courses, advice on prerequisites for university courses, and applying for university and further education.

Pathways planning: provides young people with opportunities to develop self-awareness and to practise decision making, goal setting and self-management. The ACT Education and Training Directorate has developed a Careers and Transitions (CaT) website known as Pathways, where young people have access to a range of interactive learning modules which support the successful transition through education and training to the world of work. Year 11 will be focusing on Pathways Planning this term in their Link group. A series of workshops will be open to Year 12 students on Thursday afternoons to allow them to access this resource. On completion of the modules, students may be eligible for points towards their certificate. See Vanessa to register your interest.

**JOSH WHITE: Pierre de Coubertin Award**

The Pierre de Coubertin Awards are named after the founder of the modern Olympic Games. The Awards take place on an annual basis and recognise senior secondary students who demonstrate values which are consistent with the Olympic Movement through participation in sporting activities.

All secondary government and non-government schools are invited to nominate one recipient for the Pierre de Coubertin Award each year (only) from year 10, 11 or 12.

Each nominee must participate actively in the school’s physical education program with a consistently positive attitude. The ACT awards were conducted on Friday 20th June and Erindale’s representative was year Twelve student Josh White one of the college softball squad representatives and an Australian softball representative. Josh has also participated in athletics and basketball at college and high school level, both being Olympic sports. Josh produced a written piece titled ‘Olympism in the Digital World’ towards the award. Congratulations to Josh as our representative of this unique and special award.
