With the cost of formals rising each year, some families are not in a position to send their children to their formals. Last year, I came up with a concept to help families that may not have the funds to send their children to their year 10 and 12 formals. I reached out to the Canberra Community, for donations of formal dresses, men's suits, shirts, accessories and shoes. The response was amazing. Last year, was the first year in operation and with the help of Lake Ginninderra College and University of Canberra Kaleen High School (UCKHS) we dressed 10 Students for their formals. Canberra Makeup Academy have kindly donated their students, to do the students hair and makeup at no cost. UCKHS have kindly offered to store all donations. This year I would love to reach more students from surrounding ACT public schools.

**Specifications**
- To be eligible - a student must be known by the school and from a family on the lower level income who may need help.
- Students may keep their formal dresses or suiting. However, all accessories and shoes must be returned after the formal so they can be used again.
- All students need to be available on the day of the formal for their hair and makeup.
- The school must provide a room for the makeup artist.
- Students may bring photos of the hair and makeup they would like.

If you would like to be part of this initiative, please do not hesitate to contact me.

Every year Erindale College's senior Dance class participates in the Ausdance ACT Youth Dance Festival, which is an event held at the Canberra Theatre over three nights. The event is an opportunity for students to collaborate on and create a performance together, that explores a given theme. This year's theme was, "be loud, be heard."

The Year 12 Dance class decided to explore the idea of domestic and family violence, and highlight the struggles faced by those that encounter it. Domestic and family violence is an issue that occurs behind closed doors, in the darkness; Erindale students wanted to bring it out into the light. They conducted hours of research, locating facts and statistics about the issue and how it affects our community here in Tuggeranong as well as across the rest of Australia. This process became quite a personal one for the class. As part of our music for the piece we asked permission to use the trailer from reporter Sara Ferguson's ABC1 documentary from November last year, *Hitting Home*. Permission was granted, with both Sarah and her production company becoming aware of our project and praising the students for tackling such a big issue through their performance.

The performance was selected to open the show on the final night of performances, indicating the high regard in which it was held by organising staff. All dancers performed brilliantly and were an absolute credit to Erindale College and the Dance program.
