Orders open from Thursday 28 February to **Thursday 14 March 2019**

PRODUCTION REHEARSALS

All students who attended the Noa Rottem Drama camp in week 3, please see Jane Watson about participating in the school production.

To accommodate some students who are unable to make Thursday afternoons we are scheduling TWO rehearsals every week. (All students are expected to attend BOTH rehearsals every week, unless they have spoken with Jane or Sandy)

We will kick off this Wednesday at 3:30-5:00pm to commence working on our established theme "What's in our Heart".

All interested students, this is your LAST CHANCE to sign up.

Talk to Jane (Drama) or Sandy (Music) for further information.

PHYSICAL THEATRE WORKSHOP

Last Thursday and Friday our Erindale students were lucky enough to spend two full days working with international director, performer and theatre educator, Noa Rotem. These workshops were open to students across the arts so that dancers, actors and musicians all had the opportunity to work together, exploring the possibilities of collaboration. Emphasis was on theatre as a physical and visual medium and the students developed the confidence to express and find story through their bodies without need of words. The work they created was truly extraordinary, but it was the connections made and the strong sense of ensemble that developed which was a joy to witness. As one student noted: “I think it’s a rare opportunity to work with people who are all giving 110%”.

Stay tuned for the original work that these talented students will create for Erindale’s Term 3 production!

Jane Watson
